Plane Crashes Here

Scene Near DC-6 Tragedy at Decoto

A twin-engine Navy plane crashed into a hilly pasture east of the Masonic Home in a rain-storm early Wednesday morning, killing both officers aboard.

The plane, a Beechcraft trainer-type en route from San Jose to Alameda Naval Air Station, was last reported at 12:10 a.m. over the Newark beacon, heading in for a landing.

It failed to land at Alameda, and at 12:25 a.m. it was reported missing. Coast Guard helicopters sighted the wreckage shortly after dawn on a steep hillside.

Names of the two victims were not immediately released, but Navy personnel said they were officers attached to the Carrier "Yorktown," which docked at Alameda last week after a tour of duty in Korean waters.

One of the officers was thrown clear of the plane, down a grassy slope. The other died in the flames which swept the wreckage. A commander's cap with name inside was found a few feet away.

Pieces of the light plane were found scattered over a radius of 400 yards. Apparently the ship hit on one side of a knoll, tearing off its wings, then bounced over the knoll where it burned.

The site was less than half a mile north of the spot where a United Airlines DC-6B crashed and burned two years ago, killing 53.

Sheriffs deputies under Capt. R. E. Condon toiled over muddy trails to reach the scene after daylight. The bodies were removed in the sheriff's crash truck while Navy authorities flew in by helicopter to start investigations.

The tragedy was the eighth plane crash in Washington Township in the past three years.

Niles CC Favors Merit System For Paid Firemen

Despite opposition, Jack Parry on Tuesday pushed through the Niles Chamber of Commerce a resolution asking the town's fire commissioners to hire firemen—when they do so—on a civil-service basis.

The commissioners responded that night by announcing they have postponed any hiring until they are advised of the legal aspects of the issue by their attorney, E. A. Quaresma. A decision is expected within a month.

On February 9 the commission over-ruled Parry's protests and voted to hire a paid chief and assistant after the chamber of commerce voted to back them earlier in the day.

Parry had wanted the commissioners to wait until a Fire Underwriters' report was completed to see if paid firemen actually

IS SUPERVISOR INDIGENT?

Claim Bartell Row To End Local Free Ambulance Service; 'Heat' Charged

A Centerville ambulance operator served notice this week he is quitting county emergency work, and his wife charged persecution by Supervisor Harry Bartell and his henchmen.

Bernie Vail, who has covered Washington Township with emergency service since May, 1950, wrote local chambers of commerce notifying them he will cancel his county contract effective May 2.

Vail said he will continue in the private ambulance business here, on a basis of arrange-to-pay-in-advance.

According to Mrs. Vail, disagreement with the county stems from the day in October, 1953, when her spouse's ambulance picked up Mr. and Mrs. Bartell near Hillview Crest after an accident in a county car.

Mrs. Vail said the ambulance took the Bartells to Hayward's Fairmont Hospital for free, as provided in their \$300-a-month contract with the county.

Later, the ambulance transferred the Bartells to Highland Hospital, in Oakland, which Mrs. Vail

Supervisor Harry Bartell was injured at the wheel of a county car late Monday afternoon in a collision on the San Mateo Bridge approach west of Mt. Eden. Bartell was taken to Highland Hospital where his injuries were said to be minor. Last October 18 he was more seriously hurt in a head-on crash near Hillview Crest. This time Bartell reportedly was returning from a meeting of horse race officials at Bay Meadows.

said left them open to be billed as private parties, since the county contract doesn't cover such moves.

Thus, she said, she billed Bartell for \$22.50. Said she:

"He wasn't any indigent, and we supposed he would pay just like any other private party."

"But Mr. Bartell phoned me and got very abusive. He said we were being supported by the county, and that the county should pay for it."

"So we billed the county, and then all these auditors and administrators started descending on our necks, conducting 'Investigations.'"

"Finally we received a check for \$12 from the County Indigent Fund to pay for transferring the Bartells. We returned it and told them we wouldn't accept payment."

Mrs. Vail said the \$300 flat fee has not proven profitable, and that the county work interferes with the Vail's taxi and private-ambulance business. How emergency service will be handled now was not immediately apparent, but a Hayward firm reportedly has been trying to get the work, it was reported on Monday at the Centerville Chamber of Commerce.

"We have a 60-day cancellation clause in the contract," Mrs. Vail explained. "We've been considering dropping the service for some time, and this last incident did it. All we wanted was for the auditors to give us a clean bill of health, and that's done now."

Auto Death Trial

March 29 was set last week as date for the Oakland trial of Mrs. Neva C. Williams, Irvington, on manslaughter charges arising out of the death here November 21 of Edwin H. Dargitz, of Newark.

Mrs. Williams also is being sued for \$10,600 damages by Dargitz' sister, Mrs. Alice May Bettencourt, of Centerville.

Dargitz was changing a tire off the road opposite Washington Union High School when he was struck and killed by Mrs. Williams' car.

MUMPS AGAIN

Six cases of mumps were reported in Washington Township last week, plus one each of measles and chickenpox, according to the County Health office.

NAME NEEDED FOR NEW NILES SCHOOL

What's in a name? Niles' school superintendent E. Dixon Bristow, would like the answer to this riddle—on the local level.

Niles is preparing to build a quarter-million-dollar new grammar school east of Ellsworth Orchard, and as yet the district doesn't have a name for the school.

Local residents with suggestions are urged to write them to Bristow at the present school.

SP MAY LEASE LOT FOR PARKING TO NILES MERCHANTS

Negotiations are under way to lease vacant Southern Pacific trackside in Niles for a parking lot.

Vernon Ellsworth disclosed this information to the local Chamber of Commerce on Tuesday.

Ellsworth said he has been dickering for the Chamber with SP officials, and has now obtained a lease, at \$30 per month, on property next to First Street between the former firehouse and the corner of I Street. He said he would canvass merchants to see if they will stand the expense.

Chamber members wanted to know:

1. How many stalls will be available.

2. If the SP would pay for surfacing to park there.

3. Who would be permitted to park there.

Ellsworth said he will try to find out, but added he does not believe the railroad will pay for blacktopping the lot.

He also reported it was his understanding, in conversations with R. D. Rodenberger, SP industrial agent, that the railroad wants only merchants to park there, since it doesn't want children and the general public so close to the tracks.

However the lease he displayed specified simply "public parking."

He explained the chamber and former Junior Chamber have been trying to get the property leased for parking since 1946.

GUARD ARMORY DEDICATION SET MARCH 18; 'BRASS' DUE

Plans went swiftly forward this week for the dedication of Centerville's National Guard Armory, a project credited in large part to the efforts of 60 local young men.

Battery C, guard unit housed in a former ice-house on Alder Avenue, north of town, will play host to the Township at a ceremony slated to be highlighted by appearance of high State and Army dignitaries.

The dedication will be one week from today, Thursday, March 18, at 8 p.m. at the armory, according to Capt. O. J. Beaudin, commanding officer.

Invited guests include Gov. Goodwin J. Knight, Maj. Gen. William F. Dean, Medal of Honor winner in Korea; Maj. Gen. Earle F. Jones, adjutant-general of California; Maj. Gen. Curtis D. O'Sullivan, commanding the 49th "Argonaut" Division; and Brig. Gen. Charles F. White, division artillery commander.

The famed Sixth Army Band also is scheduled to play.

Official invitations went out this week to more than 100 local chamber of commerce officials, businessmen and their wives to

attend the ceremony.

Capt. Beaudin stressed however that every resident of the Township will be welcome to attend and see what has been done in the past six months.

From a start with 15 men, C Battery now has almost 60 on its rolls. Virtually without funds, members of the battery have remodeled the icehouse interior into one of the finest armories of its type in the State.

Last weekend, members of C Battery joined the rest of their 629th Field Artillery battalion for a two-day marksmanship test in Wildcat Canyon, east of Berkeley. A high percentage of men qualified with either M-1 rifle or carbine, Capt. Beaudin reported.

In Centerville, the dedication is being supported by a chamber of commerce committee including Romeo Brunelli, Louis Cardoza, Joe Shepherd, Dan Irwin and George Oakes.

WHOSE PLAN IS IT?

Centerville Zoning Map Under Fire As First Commission Hearings Held

The Alameda County Planning Commission's ideas for the zoning of Centerville came under fire at a meeting of the local Chamber of Commerce on Monday.

Chamber Secretary Leroy Brown displayed a planning commission staff map, which showed:

1. Business in much its present location. Brown opined this is much too small, and suggested the commercial area be extended north and east.

2. Homes immediately surrounding the town, except on the north and east, where land was proposed for agricultural classification.

3. Industrial zoning southwest between the Southern Pacific tracks and Central Avenue—even including a 34-acre parcel which was okayed for subdivision last week by the commission itself.

Ralph Goodwin reminded that several public meetings were called in Centerville by the chamber, and that after much discussion and compromise, agreement was reached on much more extensive commercial use.

He asked that general commercial use be permitted as far as Central Avenue on Main Street, instead of stopping short as proposed; and that it be allowed farther north on the same street instead of halting at Thornton.

Eugene Manning asked that the County Office Building on Fremont Avenue be included in com-

A public meeting on zoning will be held March 30 in Centerville School, it was decided yesterday by the Planning Commission. Second hearing in Oakland will be April 12.

mitted the map is designed only "to cover present needs," and can be "expanded" at a later date.

However sentiment at the chamber luncheon ran strongly in favor of a more complete zoning, in view of the fact that first official hearing on the subject was slated for yesterday (Wednesday) afternoon in Oakland.

President Bill Short urged a large turnout of local residents for the hearing.

Second row (left to right) Chester Caldeira of Decoto, Lawrence Garcia of Mission San Jose, and Don Phillips of Irvington. Back row (left to right) Joseph Silva of Niles, Bud Dickerson of Irvington, and Larry Stewart of Irvington.

NILES BULB SHOW BEGINS SATURDAY

Niles' biggest drawing-card, the California Nursery's annual spring garden and bulb show, starts here Saturday.

George Roeding Jr., president of the big nursery, announced the annual event this week.

Visitors from all over the Bay area make a yearly pilgrimage to Niles to see Roeding's beautiful garden displays. This year, as usual, refreshments will be provided at the historic Vallejo Adobe on the grounds by children of Toyon Branch, Children's Hospital of the East Bay.

HOSPITAL TAX TO STAY AT 20 CENTS

Even though construction of Washington Township's \$1,250,000 hospital will start this summer, next year's hospital district tax rate will stay at 20 cents.

This news was announced last week by L. S. Whitaker, chairman of the hospital directors, who explained:

1. Township-wide assessments are up several millions since the hospital bonds were voted late in 1952.

2. The bonds have been held until construction starts, thus saving thousands in interest payments.

3. The district has a cash reserve of \$138,860 plus its 10-acre site on Santos Road, so needs very little for operating expenses. This reserve has been built up since formation of the district several years ago, and will be boosted by \$40,000 when architect fees are repaid when the bonds are sold.

At last week's directors' meeting, adoption of the 1954-55 budget showed \$57,500 for bond redemption and interest. Virtually all of this will come from the reserve funds.

Whitaker said Architects LaRue Sorenson and Mark Ellsworth have informed him plans for most of the 64-bed hospital will be ready for the April board meeting, and that construction probably will begin in July or August.

WINS 'BONUS' CAR, BUT WHERE IS IT?

A Niles man who said he had been judged winner of a luxury class automobile in a merchandising contest in Santa Clara and Alameda Counties last year this week charged in San Jose Superior court that he has not received the car.

Morris Stapleton claimed the award, a four-door sedan, had been purchased from a Pleasanton automobile agency by defendants J. E. Landrum, grocer, formerly of Niles and now residing in Long Beach, and H. J. Mullens, Stapleton told the court contestants received stamps for articles purchased at participating stores and bonus stamps for turning in "saleable junk." Each stamp was worth points and could be traded for cash or merchandise, Stapleton said. But, he added, the car was never delivered to him after Landrum and Mullens told him he won it.

The new laws on controlling Bang's disease will be discussed by Dr. C. E. Taylor, Veterinarian of the State Department of Agriculture. These laws are of great importance to the dairy industry of Alameda County, according to Edwin E. Orloff, Association President. Orloff urges all dairymen to become familiar with the laws.

G. E. Gordon, extension dairyman of the University of California, will discuss the general dairy situation and outlook for the future.

New developments in artificial breeding will be explained by Don Pelky, West Coast Manager of the American Breeders Service.

Scores for the final games were: Centerville 14, Newark 5; Alvarado 14, Centerville 6; Barnard School 34, Mission San Jose 21.

Preliminary games began February 23 and since then nine Township schools have participated. Games have been held every night after school in the gym at Washington High.

Approximately 250 upper elementary students have competed, according to Clyde Voorhees who has managed the tournament with assistance from his fellow PE teacher at the school, Don Wolfe, and from Stan Friese, supervisor of physical education for the county superintendent of schools.

Officiating at the games have been boys on the basketball team at Washington High.

Voorhees said that he was "well satisfied" with the way the games were played, and that the teams showed evidence of some fine coaching. He said also that "some outstanding talent" showed itself during the course of the tournament.

The basketball season in Township schools came to a close with last night's tournament finals. From now on softball takes over.

Schools participating in the tournament were: Alvarado, Alviso, Barnard, Centerville, Irvington, Mission San Jose, Newark, Niles and Warm Springs.

HUSKIES GAIN 6-2 REVENGE OVER REBELS; OROZCO STARS

By Bob Hird
Righthander Raul Orozco threw 3-hit ball as he pitched the Washington Huskies to a 6-2 win over the San Lorenzo Rebels last Friday on the latter's diamond.

Orozco, who normally holds down the left field spot, had a shutout going into the last inning when Second Sacker Ed Arnerick hit a two-run homer. The other two hits off Orozco also went for extra bases.

The Malemutes picked up two runs in the initial stanza as catcher Carl Van Euw came through with a bases-loaded single.

The Orange and Black added two more in the sixth on singles by Archie Delao and Orozco plus a couple of Rebel miscues.

The final two tallies came in the last frame. Ed Fletcher started the inning by singling and scored

on Jess Pineda's two-bagger. Pineda then scored on Craig Bellati's single.

Frank Velarde and Fletcher each picked up two hits to pace the locals.

State Frosh Hit Seldom But Hard. Spoil Husky Lead With Homers, 6-3

Righthanders Bob Hird and Allan Olk combined their efforts last Thursday to pitch 4-hit ball but three of the four base knocks went for round trippers which led the San Jose State Freshmen 9 to a 6-3 win over the Huskies from Washington High.

Hird started on the mound for the locals and twirled steady ball for four innings. The lone run off the starter came in the second frame when rightfielder Gerry Batista caught hold of a fast ball and blasted out the first homer.

The Huskies tied the score in the top of the third when Centerfielder Frank Velarde romped home from third after a triple, when State's left fielder dropped a fly ball off the bat of Raul Orozco.

The Malemutes took a 3-1 lead in the fifth as Pitcher Hird opened the inning by dropping a single behind second base. Velarde then banged out his second triple of the day. Shortstop Ed Fletcher squeezed Velarde across for the locals final tally.

The Frosh came one run closer in the bottom of the fifth as Third Sacker Dick Roza greeted Olk's delivery with a round tripper.

Olk hit the first batter he faced in the sixth and walked the next two to fill the bags. Batista then slapped a grand-slam homer to give the Spartan babes a 6-3 win.

CAREER DAY AT WUHS LISTS 200

Over 200 students of Washington Union High School participated in the third annual Career Day sponsored recently by the Niles Rotary Club.

Rotarians make it possible for interested students to visit their places of business and thereby present a large array of vocational possibilities.

If there was student interest in an occupation not represented in the Rotary membership, Career Day Chairman Wallace Pond made arrangements for visits where such occupational information was available.

Career Day serves as a very real part of the students' survey of vocational possibilities and fits into the school's scheme of work exploration. At various places in the school curriculum and in the vocational guidance program of the class counselors, individual interests and aptitudes are explored. The broad occupational fields are studied early in the pupil's high school career with a follow-up investigation being concerned with specific vocations of individual choice.

Local business concerns have been used for Career Day visits as have certain out-of-town facilities, including the California Highway Patrol, the Hayward Medical Laboratory, San Jose State College, San Jose Hospital, and the Hayward office of the Bell Telephone Company.

Treeview Delayed

A 400-home tract Treeview homes, will probably go under construction within 30 days, a representative of Biltmore Homes, builders of Hillview Crest, announced this week.

The homes, to be situated on 50 by 100 foot lots, will be two- and three-bedroom structures similar to those in Hillview Crest.

The new tract will be located across Highway 9 from Hillview Crest.

A school will be built on a seven-acre site in the southwest corner of the property.

California ranked first in production of walnuts in 1952.

Bidders will be permitted to bid different rates of interest and to split rates irrespective of the maturities of said bonds. The interest rate stated in the bid must be in a multiple of one-quarter of one per cent per annum, payable as aforesaid.

MATURITIES: Said bonds hereby offered for sale mature serially in consecutive numerical order, from lower to higher, \$8,000.00 on May 15th in each of the years 1955 to 1966, both inclusive, and \$5,000.00 on May 15th in the year 1967.

SECURITY: Such bonds are general obligations of said school district, and the Board of Supervisors of the County of Alameda has power and is obligated to levy ad valorem taxes for the payment of said bonds and the interest thereon upon all property within said school district subject to taxation by said district (except certain intangible personal property, which is taxable at limited rates), without limitation of rate or amount.

TAX EXEMPT STATUS: In the event that prior to the delivery of the bonds the income received by private holders from bonds of the same type and character shall be declared to be taxable under either by the terms of such laws or by ruling of a Federal Income Tax authority or official which is followed by the Bureau of Internal Revenue, or by the decision of any Federal Court, the successful bidder may, at his option, prior to the tender of said bonds by the Board of Supervisors, be relieved of his obligation under the contract to purchase the bonds and in such case the deposit accompanying his bid will be returned.

LEGAL OPINION: The legal opinion of Messrs. Orrick, Dahlquist, Herrington & Sutcliffe, Attorneys at Law, of San Francisco, California, approving the validity of said bonds will be furnished to the successful bidder without charge, together with a certified copy of the transcript of proceedings.

The bonds will be awarded to the highest and best bidder considering the interest rate or rates specified and the premium offered, if any. The highest bid will be determined by deducting the amount of the premium bid (if any) from the total amount of interest which the District would be required to pay from May 15, 1954 to the respective maturity dates of the bonds at the coupon rate or rates specified in the bid and the award will be made on the basis of the lowest net interest cost to the District. The lowest net interest cost shall be computed between the dates aforesaid on a 360-day year basis. The purchaser must pay accrued interest from the date of the bonds to the date of delivery. Said Board of Supervisors reserves the right, in its discretion, to reject any and all bids and to waive any irregularity or informality in any bid.

The Board of Supervisors will take action awarding the bonds or rejecting all bids not later than March 30, 1954. Delivery of said bonds will be made to the successful bidder at the office of the County Treasurer of Alameda County in Oakland, California, as soon as the bonds can be prepared, but not prior to May 15, 1954. The successful bidder shall have the right, at his option, to cancel the contract of purchase if the bonds are not tendered for delivery within sixty (60) days of the date of sale and in such event the successful bidder shall be entitled to the return of the deposit accompanying his bid. The cost

LEGAL NOTICE

All bids must be unconditional, for not less than all of the bonds hereby offered for sale, and for not less than the par value thereof and accrued interest to date of delivery. Such bids, together with bidder's check, must be enclosed in a sealed envelope addressed to the Board of Supervisors of Alameda County, State of California, and endorsed "Proposal for 1954 School Bonds of Newark School District of Alameda County." With each bid must be submitted a certified check or cashier's check for \$1,000.00 drawn on a bank or trust company authorized to transact and transacting business in the State of California, payable to the order of the Treasurer of Alameda County, to secure said Newark School District from any loss resulting from the failure of the bidder to comply with the terms of his bid. In addition bidders are requested (but not required) to supply an estimate of the total net interest cost to the District on the basis of their respective bids, which shall be considered as informative only and not binding on either the bidder or the District. Checks of the unsuccessful bidders will be returned upon the award of the bonds. No interest will be paid upon the deposit made by the successful bidder.

Information relative to the financial condition of said District will be furnished to any bidder upon request.

There is no controversy or litigation pending or threatened concerning the validity of the above issue, the corporate existence of said District, or the title of the officers to their respective offices and said County will furnish to the successful bidder a no-litigation certificate certifying to the foregoing as of and at the time of the delivery of the bonds.

Newark Cityhood Improvement Topic

At the meeting of the Women's Improvement Club Tuesday evening, Charles Snow, Newark attorney, told of the advantages to be gained by the incorporation of Newark; and Nestor Barrett, public relations counsel for Leslie Salt, gave the reasons for industries not favoring incorporation at this time, as determined at a meeting of Newark industrial officials last December.

One of Barrett's reasons for not wishing to incorporate dealt with roads which are essential to industry, and are now adequately maintained by the county, but which might prove too expensive for a newly-incorporated community to keep up.

Barrett stated that industry believes the subject of incorporation requires further study, so that specific information may be forthcoming.

The Improvement Club has requested the Chamber of Commerce to instigate formation of a Citizens' Committee to investigate incorporation further.

WATER DISTRICT CUTS TAX AGAIN, NOW 25 CENTS

The 1954-55 tax rate will be cut to 25 cents in the Alameda County Water District.

Increased assessed valuation was given by district directors as reason for the cut last week.

Last year's rate was 26 cents. In 1952 it was 28 cents, in 1951, 30 cents, and in 1950, 36 cents.

Assessed valuation of the district, which embraces most of Washington Township, with the exception of Warm Springs, is estimated at about \$30,000,000. This is \$3,000,000 more than last year's, said Matt Whitfield, general manager.

Largest Chinese joss house in America is in San Francisco's Chinatown.

AGUILAR GUILTY IN AUTO DEATH

Judged guilty last week of drunk driving in an automobile accident which killed his sister-in-law, Rudolph Aguilar, 41, 402 7th St., Decoto, will be sentenced March 23.

Aguilar was the driver of a car which crashed into the Dry Creek bridge October 28. Mrs. Ruth E. Figueroa, 45, a passenger in Aguilar's car, died following the accident.

Pleading innocent, Aguilar claimed that he was blinded by the lights of an oncoming car.

Pathologist Dr. Leonard R. Ortega testified that blood tests made on Aguilar indicated he was under the influence of alcohol.

would reduce insurance rates. He claims other factors—water mains and alarm systems—are making rates high in Niles.

But Commissioners John Brahmst, Tony Alves and Leon Solon took the stand that safety—and not savings—was prompting their decision.

On Tuesday before the chamber of commerce Parry presented a resolution asking that the commissioners:

"1. Conduct an active search for the best qualified persons available for the firefighting jobs and encourage them to compete for appointment.

"2. Require candidates to meet standards of age, schooling, height and weight and to take tests measuring intelligence, aptitudes, skill and physical strength and agility. An interview which will give indication of the applicants ability to get along with others should be included.

"3. Seek information about the candidates' experience, training history, integrity, general reputation and character.

"4. Appoint men found most suited on the basis of this or a similar testing and investigation process.

"5. Consideration be given to a credit system for the present Volunteer Firemen similar to the ones used by county, State and Federal governments.

"6. That you establish employment conditions such as adequate salary, pension plan, vacation, promotion system and working conditions that will attract the best men available.

"7. Present your complete recruitment program, prior to its use, to the National Board of Fire Underwriters for its suggestions and approval."

He asked that the chamber adopt the resolution.

Baine Leask rose to object. Said he:

"Our commissioners are elected by the people. This is up to them." President Howard Mitchell responded:

"A resolution such as this can only be a suggestion."

E. C. Parks asserted:

"This might help us to get a lower (fire-insurance) rate." And Les Whitaker added:

"As long as we made the recommendation that paid firemen be hired, we should see that it's done in the proper manner."

When Dr. T. C. Wilson inquired what the alternative is, Parry replied:

"Newark and Decoto just gave the man who'd been in the volunteer department the longest first chance at the job. But the Fire Underwriters won't give the town any credit that way."

Dr. Wilson suggested the issue be tabled until next week, but Parry pressed for a decision, saying he had first presented the idea of civil-service type hiring two weeks ago, "and you've had plenty of time to make up your mind since then."

"You acted in one meeting on the paid firemen question," he accused, "and that's much more controversial. There's a possibility the commissioners may act tonight, and if they don't adopt the civil-service procedure, Niles will be penalized from now to eternity."

Whereupon Mitchell called for a vote, and only one "no" was recorded.

MISSION SAN JOSE C OF C SEEKING LIGHTS, STOP SIGNS, KINDERGARTEN

Street lights and stop signs shared top billing in discussion at the Mission San Jose Chamber of Commerce Monday night.

Warren Wilson, chairman of a committee on lights, suggested 12 within the new Lincoln and Russell tracts, plus one at Ellsworth and Vine.

Maurice Marks wanted one at Olive and Irvington Road; and Herman Medeiros asked for one at Cortez and Jerome.

It was agreed to write Supervisor Chester Stanley asking the county to install the lights.

Stop signs on routes over which children have to travel to reach the present school also were suggested. Marks stressed the need for ones at Vine and Ellsworth, warning "there'll be deaths if we don't get them." It was decided to write County Engineer Wallace Boggs asking for the signs.

Roy Dean reported the County Planning Commission will shortly set dates for public hearings on protective zoning requested by the Mission chamber. Marks asked that consideration be given to parks in the plan.

Brad Agrella announced the Mission Mothers Club will sponsor a Cub Pack and the Chamber will sponsor a Scout Troop, both before the end of March.

Secretary Lois Bottenberg reported the chamber now has 104 members.

At the suggestion of several members, it also was decided to revive the issue of obtaining a kindergarten somewhere near the present school on a temporary basis until the new school is completed in 1955. It was estimated there are about 30 local youngsters who will be ready for kindergarten in September.
